Committee Members:

- Chairperson: Sean O'Rear
- Faculty/Staff: Mike Annis

Recent Activities:

- Complied list for August 12th back to school work day.
- Ordered coated chain replacements for playground equipment.

On-going Activity:

- Need to order hinges for swing set.
- Discussion on going on replacing pea gravel base around playground equipment, pea gravel (hard) underneath all of our play equipment and timbers surrounding the swing set are bowing and creating a trip hazard.
- Lock mechanism on fire door (right side) going into gym needs repair. Will not open with key.

Electrical

- Motor on the right end of the bleachers (as you face them) used to retract them not working, need to set up time to replace motor and test bleachers.

- Safety light replaced over the summer in the gym blows glass fuse inside fixture when tied to light fixture outside building.
- Issue with fixture in room 112, bulbs not working after replacing ballast.

Water Leak

- The doors upstairs going out to the roof allows water to leak into the building. The water appears to be running down the duct work over the kitchen damaging ceiling tiles and leaking into light fixtures. The leak was thought to have to do with double doors leading to the roof. Checked the situation after a rain storm, it was completely dry inside of door. More assessment needed, we have talked about possibly changing from double doors to single door at the time the siding issue gets resolved.
