
2017 ANNUAL FUND NEEDS LIST

[h]

Technology Update \$45,000

Our children are growing up in a continually changing digital environment and need equipping to harness the power of technology in ways that are positive, productive, and glorifying to God. Your support of the Annual Fund has laid a strong foundation for technology at Heritage. With the recent introduction of coding classes and the dramatic increased use of the mobile computer lab, we need more than twice the number of laptops currently available to support appropriate student use. In addition, we strive to equip our faculty with computers that are newer than 5 years old as an increasing amount of their work relies on advanced technology. This year, we added SMART interactive projectors to the repertoire of technology used at Heritage and we are excited by the prospect of increasing the number of those units in the classrooms.

Current needs include:

- Up to 50 Chromebooks
- 8 faculty computers
- Supporting infrastructure for the additional units
- 2 SMART interactive classroom projectors*

*planned if the goal is exceeded

Tuition Assistance \$55,000

One of the most important investments you can make in Heritage is in support of tuition assistance. This year, approximately \$70,000 in contributions enabled 12% of our total enrollment to attend. As the community grows, the need for tuition assistance increases as well. Giving to the Annual Fund provides an opportunity for you to partner with community families who desire what Heritage offers their children but are unable to shoulder the full cost of tuition. This investment has both temporal and eternal significance in the lives of our students, their families and this community. Your support of the Annual Fund will move us closer to making biblically faithful, academically excellent education accessible to all. If you are wondering where the difference in our tuition assistance budget comes from, I encourage you to investigate Bridging the Gap on the school's website.

At Heritage, we continue to praise God for all He has provided. In honor of Him, we make the best use of the resources He has provided in the pursuit of biblically faithful excellence. We thank you for your consideration in helping provide these items that are not covered through our general operating budget.
